Have you ever wondered about the man who invented vaccines? Well that man is me!

I invented 18 of vaccines that are used in America today.

Without me, you could die.

I worked at J.C. Penney.

I got a scholarship to go to the University of Montana.

University of Montana

I got my bachelors degree in 1941.

I died April 2005 at the age of 85 years old.
